

KAKARAPALLI YASWANTH

📞 (+91) 6281253004 ✉ yaswanthkakarapalli@gmail.com  Yaswanth  Yaswanth

Objective

Aspiring Full Stack Developer with a solid foundation in software engineering and data structures. Passionate about building scalable web apps and backend systems.

Education

JNTU Kakinada

B.Tech in CSE (CGPA: 7.75)

Sep 2022 – Present

Kakinada, AP

Aditya Junior College

Intermediate (93.6%)

Jun 2022

Kakinada, AP

Little Buds Public School

Matriculation (CGPA: 9.8)

Mar 2020

Kakinada, AP

Relevant Coursework

- Data Structures
- Artificial Intelligence
- Design and Analysis of Algorithms
- DBMS
- Operating Systems
- Machine Learning

Work Experience

Cognifyz Technologies

Python Developer Intern

Apr 2024 – May 2024

Remote

- Built ML pipeline for data cleaning and summarization.
- Created dashboards using Matplotlib, Seaborn, Plotly.

Technical Skills

- **Languages:** Python, JavaScript, C++, C
- **Web:** React.js, Node.js, Express.js, HTML5, CSS3, Tailwind, Bootstrap
- **DB:** MongoDB, MySQL
- **Tools:** Git, GitHub, VS Code
- **OS:** Windows, Linux

Projects

Zcoder (GitHub)

May 2025

- Collaborative coding platform built with MERN stack.
- Users solve problems, share code, and give feedback.

Portfolio Website (Live Demo)

Apr 2025

- Personal portfolio using HTML, CSS, JavaScript.
- Responsive site featuring projects and contact form.

CIFAR-10 Image Classifier (GitHub)

Dec 2024

- CNN built with TensorFlow/Keras for image classification.
- Improved accuracy using data augmentation.

Taxi Price Prediction (GitHub)

Aug 2024

- Regression model to estimate fares from trip data.
- Used Pandas and Scikit-Learn for modeling.

Achievements & Certifications

• Problem Solving (Intermediate) — HackerRank

Dec 2024

Verified — View Certificate

• Data Science for Engineers — NPTEL

Apr 2025

Elite+Silver — View Certificate
